March '95 Meeting Map

```
Sunday 3/5           9    10   11   12   1    2    3    4    5    6    7    8
                                          +=====================+
                                          | Editor's meeting    |          (15)
                                          +=====================+

Monday 3/6           9    10   11   12   1    2    3    4    5    6    7    8
                     +===============================+
                     | SPI futures working group     |                     (30)
                     +===========================================+
                     | X3T10.1 working group                     |         (30)
                     +===============+===============+===========+
                                     | XOR study grp|                      (20)
                                     +==============+----+
                                     | P1394             |                 (20)
                                     +------------------+

Tuesday 3/7          9    10   11   12   1    2    3    4    5    6    7    8
                     +=========================================+
                     |   X3T10.1                               |           (40)
                     +=========================================+
                     |   SCSI-3 WG                             |           (40)
                     +==============+==========================+
                     |  CAM-2 WG    |                                      (10)
                     +==============+------------------+
                     |  P1394                          |                   (20)
                     +--------------------------------+

Wednesday 3/8        9    10   11   12   1    2    3    4    5    6    7    8    9
                     +=================================================+
                     | SCSI-3 WG                                       |      (45)
                     +==============+===========+==========+=======+
                     | System Issues|   MMC WG  |ATA WG (ATAPI)|            (20)
                     +--------------+===========+==+=======+
                     | SFF Form Factor WG           |                      (20)
                     +------------------------------+---+
                     | P1394                           |                   (20)
                     +--------------+-----------------+
                     | SSA UIG      |                                      (30)
                     +--------------+

Thursday 3/9         9    10   11   12   1    2    3    4    5    6    7    8    9
                     +==============+==============================+
                     |ATA WG (ATA-3) | X3T10 Plenary               |     (40/80)
                     +==============+==============================+
                     |  SSC/SMC WG   |                                     (10)
                     +==============+
                     | SFF/VHDCI WG  |                                     (20)
                     +--------------+

Friday 3/10     8    9    10   11   12
                     +--------------+
                     | SFF          |                                      (40)
                     +--------------+

     Meetings marked with == are X3T10-authorized meetings.
     Meetings marked with -- are authorized by other groups and may change
     without notice.
```

```
Meeting Map Abbreviation Key:
ATA:            AT Attachment (a.k.a. IDE)
ATAPI:          ATA Packet Interface
CAM:            Common Access Method
El:             Electrical
Fast-20:        Synchronous Data Transfer at 20 Megatransfers/second
I/F:            Interface
LB:             Letter Ballot
MMC:            SCSI-3 Multimedia Commands (CD-ROM)
P1394:          IEEE Project on High Performance Serial Bus (not an X3
                activity)
PH:             Physical (Connectors, Cables, Transceivers, etc.)
Plenary:        Full Committee Meeting
RAB:            RAID Advisory Board (not an X3 activity)
RAID:           Redundant Array of Independent Devices
SCC:            SCSI-3 Controller Commands (RAID)
SCSI:           Small Computer System Interface
SFF:            Small Form Factor Industry Group (not an X3 activity)
SG:             Study Group
SMC:            SCSI-3 Medium Changer Commands
SPI2:           Second Generation SCSI-3 Parallel Interface
SSA:            Serial Storage Interface
SSC:            SCSI-3 Stream Commands (includes Tape)
SSP:            Serial Storage Protocol (Protocol for SSA)
UIG:            User Interest Group (not an X3 activity)
WG:             Working Group (same as Ad Hoc Group)
X3T10:          Lower Level Interfaces Technical Committee (was X3T9.2)
X3T10.1:        SSA Task Group of X3T10 (was X3T9.7)
XOR:            Exclusive OR
```
