Notes:

(1) American National Standards are developed by the voluntary
participation of all parties and with the intention and
expectation that the standards will be suitable for wide
application. Since their use is likewise voluntary, an
affirmative vote does not commit an organization or group
represented on the committee to the use of the American National
Standard under consideration.

(2) If you vote NO or ABSTAIN, your ballot must be accompanied by
reason(s) for your position. Provide an electronic copy of your
comments with each comment numbered on the ballot form or send them
by email to lohmeyer@t10.org.
