Subject: Correction of editorial error in FCP-2

1 Introduction

The following editorial error was identified in FCP-2, revision 7, Annex E by Matt Wakeley.

In FCP-2, Annex E is named examples of ELS usage. The first item in the annex is ABTS, which is a BLS, not an ELS....

2 Proposed resolution

The proposed resolution of this editorial error is changing the name of Annex E.

Annex E was named "Annex E FCP-2 examples of ELS usage".

The name of Annex E should be changed to read "Annex E FCP-2 examples of link service usage."
