Results of Meeting

1. Opening Remarks

John Lohmeyer, the T10 Chair, called the meeting to order at 10:05 a.m., Thursday September 13, 2001. He thanked Skip Jones of QLogic for hosting the meeting.

John said that NCITS Subgroup Membership forms and the T10 Mailing Subscription form were available from the head table. He said that people should use the NCITS forms to insure the NCITS Secretariat has the latest membership information. These forms should be mailed directly to the NCITS Secretariat.

As is customary, the people attending introduced themselves and a copy of the attendance list was circulated. Copies of the draft agenda and general information on T10 were made available to those attending.

2. Approval of Agenda

The draft agenda was approved with the following additions/changes:

No agenda items were added/revised during the course of the meeting.

3. Attendance and Membership

The membership requirements were reviewed. NCITS rules permit one vote per organization. An individual from a new organization must attend at least one T10 plenary meeting as an Advisory Member. He/she may apply for voting membership at this meeting, which becomes effective following adjournment of the meeting. Voting privileges begin upon receipt by the NCITS Secretariat of applicable fees for the membership year.

To maintain membership, organizations must pay the NCITS Service Fee (\$800).

John briefly discussed the mailing fees. Complete pricing information is contained in the 2001 membership form (available at ftp://ftp.t10.org/t10/mem_form.txt).

There are also minimum attendance requirements to maintain voting membership on T10. If a member organization fails to attend two of the last three T10 meetings, they are warned that failing to attend the next T10 meeting would result in their membership being terminated.

The Chair said he had sent letters to 17 people from 8 organizations informing them that their membership was in jeopardy due to non-attendance (see 01-241r0) and that their membership would be terminated if they did not attend this meeting. The following organizations were in attendance jeopardy:

Amphenol Interconnect
BREA Technologies, Inc.
Cisco Systems, Inc.
Genroco, Inc.
Iomega Corp.
Molex Inc.
Storage Technology Corp.
Troika Networks, Inc.

All organizations in attendance jeopardy were present except:

Genroco, Inc.
Iomega Corp.

Noting that air travel had been rendered impossible by the terrorism in New York and Washington, John Lohmeyer moved that the memberships of Genroco, Inc. and Iomega Corp. be retained due to the extraordinary circumstances. Bob Snively seconded the motion. The motion passed on a vote of 27:0:0:19=46.

No organizations joined the committee at this meeting.

The T10 membership during the meeting was 46 organizations unchanged from 46 following the last meeting. Enclosure (1) is the list of the people present at the meeting and enclosure (2) is the current T10 membership list.

John Lohmeyer presented a request from Ed Gardner that a motion be made to "not count this meeting for jeopardy purposes." He explained the effects of the proposed motion as best he understood them and noted that Ed Gardner was unable to attend due to the national airways ground stop. He also noted that the rules permit us to make a motion at the November meeting forgiving those organizations then in jeopardy similar to the one already passed.

Bob Snively moved that the committee not take any further action on membership attendance issues at this meeting. Bill Galloway seconded the motion. The motion passed on a vote of 31:0:0:15=46.

John Lohmeyer reminded members that failure to vote on two out of the last three letter ballots also would result in membership jeopardy and then reported on the status of companies that have not voted on recent letter ballots (01-280r0).

4. Approval of Minutes - July '01 Meeting - Colorado Springs, CO (T10/01-216r0)

The minutes were approved as written.

5. Document Distribution

Members who have any problems with their mailing subscription should deal directly with Monica Vago (mvago@itic.org) (202) 626-5741.

John Lohmeyer requested that all documents for the next mailing be in his hands in electronic format by 10:30 a.m. on Thursday September 20, 2001. Documents received after this time may go into a subsequent mailing.

John reminded the committee of the requirements for document submission. Since T10 meets its document retention requirements by preparing mailings, documents included in the mailing must be suitable for archiving.

This means that native-format and/or Portable Document Format (PDF) electronic originals with proper identification must be submitted.

People can obtain T10 document numbers and revised T10 document numbers by filling out a web form at <http://www.t10.org/members/>. The assigned T10 document number will be sent to the requestor by email. The requestor may then reply to this email, including the document to be posted as an attachment. The document will be automatically posted on the T10 web site.

T10 members can complete this entire process using their personal T10 password. John explained that members who do not know their password should surf to the above URL and click on the "forgot password" link to have their password sent to them via e-mail.

John noted that non-members can also use the above document number process, but their requests will require approval by an administrator.

Minutes are available on the T10 World Wide Web page (see below), and are distributed to the T10 Reflector.

To be added to the T10 Reflector, send an email to majordomo@t10.org with the line 'subscribe t10' in the message body.

The NCITS Secretariat maintains a World Wide Web page at <http://www.ncits.org/>.

LSI Logic maintains a web site on behalf of T10 on a server donated by the SCSI Trade Association at:

6. Call for Patents

This is a regular agenda item to identify any potential patent issues with developing standards and technical reports.

A document is available from ANSI, "Procedures for the Development and Coordination of American National Standards", at no charge. This document is also on the WWW at http://www.ncits.org/help/ansi_sdo.html. Section 1.2.11 contains the ANSI patent policy. Amy Marasco manages patent issues for ANSI and can be contacted at amarasco@ansi.org or 212-642-4954. Gene Milligan prepared a useful "Handy dandy Technical Committee's Patents Guide", which is available at <ftp://ftp.t10.org/t10/document.99/99-291r0.pdf>.

John presented a foil containing a summary of the ANSI patent policy prepared by Gary Robinson. The summary is also included on the Rules and Procedures (plus Patent Information) page on the T10 web site.

John asked that anyone who knows of applicable patents contact him.

There was no response to the call for patents.

Ralph Weber reported that if Cris Simpson had been present, he would have reported that a statement of the Intel patent policy can be found in T10/01-041r0.

Gary Robinson presented the ISO status report and provided 01-274r0 and 01-275r0 as electronic reports to the committee.

11.2 ISO/IEC Business [Robinson]

Note: Due to the travel difficulties, John Lohmeyer had requested those unable to attend to submit written votes on the 8 ISO/IEC motions. Consequently, the written votes received on these two motions could not be counted (and would not have affected the outcome). The 11.2.1 motion was changed to reference the correct NWIP document number and the 11.2.4 motion was changed to recommend disapproval with comments.

14.1 Authorization of Working Group Meetings

John noted that the working group meetings are required to operate under the same voting procedures as does T10 (that is, one vote per organization) and the results of a working group are not binding on the parent committee. Ad hoc groups should strive to achieve consensus prior to bringing issues to T10.

Ron Roberts moved that T10 authorize the T10-related meetings and events in the list above that had not previously been approved through the end of December 2001 (excluding the PIP and SSM meetings which were authorized under item 8.19). Erich Oetting seconded the motion. In the absence of any objections, the motion passed unanimously.

15. Adjournment

The meeting was adjourned at 1:00 p.m. on Thursday September 13, 2001.
