From: John Lohmeyer, T10 Chairman  
Subject: T10's Response to Public Review Comment #1 on BSR INCITS 362 (SPI-4)

---

Dear Gerry,

Thank you for your public review comment on BSR INCITS 362, SCSI Parallel Interface - 4 (SPI-4).

The Committee has elected to resolve your comments ( [T10/02-129r0](#)) by changing SPI-4 as you suggested resulting in [SPI-4 Rev 10](#).

Please note, this is the T10 response to your comments. Unless you notify us that your public review comment has been satisfied or withdrawn, it will remain in the records as an unresolved comment.

In accordance with ANSI requirements, we are advising you in this letter of the Appeals Processes, see attached.

Once again, thank you for your interest in the SCSI Parallel Interface - 4 draft standard.

Sincerely,

John Lohmeyer

cc: Deborah Donovan, INCITS Secretariat

**Appeals Processes**

- 1) You may appeal an action of INCITS or its Secretariat, the INCITS Appeals Procedures are in Section 5.9 of the INCITS/SD-2.
- 2) Notification of Right to Appeal to the ANSI Board of Standards Review ([http://web.ansi.org/public/library/std\\_proc/anspro.html](http://web.ansi.org/public/library/std_proc/anspro.html))

Please note, in accordance with BSR Procedures, those objecting to the approvals or withdrawals are hereby notified of their right of appeal. The appeal must be based on due process or lack of consensus and include a statement as to why the BSR action should be modified. The BSR will not render decisions on the relative merits of technical matters, but it shall consider whether due process was afforded technical concerns.

**If you have not completed the appeals process at the standards developer, you are normally not eligible to appeal to the BSR.**
