Comments attached to Abs ballot from Robert Snively of
Brocade:

The document is outside the direct scope of interest of this organization.

Comments attached to Yes ballot from Ralph O. Weber of
ENDL:

Regarding the second change on page 20, "The Parameter List Length field"
should be "The PARAMETER LIST LENGTH field" to match the capitalization in
the
new table 17.

Comments attached to Abs ballot from Dennis Moore of
KnowledgeTek, Inc.:

No material interest

Comments attached to Yes ballot from John Lohmeyer of
LSI Logic Corp.:

The year of the copyright at the bottom of both pages should be 2003. I am
perfectly happy to leave this editorial glitch for the ANSI pre-edit.

Comments attached to Abs ballot from Gerald Houlder of
Seagate Technology:

My company is not materially affected by this standard.
