

# ENDL TEXAS

Date: 7 September 2004  
To: T10 Technical Committee  
From: Ralph O. Weber  
Subject: SPC-3 Device Type definition

The resolution for one of the SBC-2 Letter Ballot comments suggests that the SPC-3 glossary entry for 'device type' needs to be modified as follows:

**3.1.31 device type:** The type of device (or device model) implemented by the device server [and indicated by the contents of the PERIPHERAL DEVICE TYPE field in the standard INQUIRY data \(see 6.4.2\).](#)
