Technical Committee Action

The committee is to coordinate and develop the U.S. recommended position (via thirty-day letter ballot or roll call vote) to INCITS for approval. The U.S. vote will be forwarded to ANSI for submission to JTC 1. For some standards, the [Subcommittee \(SC\) recommendation](#) is provided. If the committee concurs with the SC recommendation, it should state this and provide the technical committee vote. Please submit recommendations to bbennett@itic.org by the TC due date. If you need a copy of the standards in order to provide a recommendation to INCITS, please let us know.

[Note: The answers to all five questions is required as stated below or in the attached pdf [questionnaire form](#).]
