Subj: Link to TCG Storage Use Case white paper
Date: Feb. 10, 2006

At the last T10 CAP meeting, I promised to provide a link to the Storage Use Case white paper. This is located on the Trusted Computing Group web site. The link is provided below.

<https://www.trustedcomputinggroup.org/groups/storage/>

Note that the paper is public, so it can be accessed even if you are not a member of TCG. The TCG rules of use allow anyone to access the paper on this web site but do not allow posting of this paper on any other web site without written permission from TCG.
