Re: SFF-8482; SAS 1.1 and SAS 2

Dear Mr. Lohmeyer,

Hon Hai Precision Industry Co., Ltd., ("Hon Hai") owns several patents that may be adopted by this proposed standard. If that standard cannot be practiced without the use of a Hon Hai patent, Hon Hai gives its assurance that it will make a limited non-exclusive license available, upon written request, to practice a relevant Hon Hai patent in products that are fully compliant with the SAS 1.2 and SAS 2 standard as adopted. This license will be offered under reasonable terms and conditions that are demonstrably free of any unfair discrimination; further, if applicable, the potential licensee will make available to Hon Hai a comparable cross-license under any of the licensee's patents that may apply, or could potentially apply, to Hon Hai's products.

Inquiries regarding a license under this assurance letter should be directed to:

Very truly yours,
