DATE: 15 January 2007
SUBJECT: T10/07-042r0, ADI-2 Working Group Report to Plenary, January 2007

The Automation/Drive Interface – 2 working group met on 15 January 2007 from 9:01 AM until 2:04 PM. There were ten participants representing six companies. The minutes will be posted as 07-021r0.

The group discussed one proposal against ADT-2, which was approved. The group discussed one proposal against ADC-2, which was approved and which will be handled as a letter ballot comment. The accepted proposals were:

- ADT-2 Negotiable Time-Outs (07-025r2) [Banther]
- ADC-2: NL-Port vs. LN-Port (06-468r2) [Butt]

The group reviewed the list of features for consideration for the two ADI standards (06-060r5). At this time, all three open issues have been assigned for work, and are awaiting proposals. At this time, we will not issue a call for final technical input to ADT-2.

The group reviewed the list of features for consideration for the next generation ADI-3 standards (06-425r1) and made no changes. At this time, we will not submit project proposals for ADC-3 and ADT-3.

In order to expedite ADC-2 letter ballot comment resolution, the group wishes approval to conduct two teleconferences prior to the next plenary week. The proposed dates are 31 January and 28 February 2007, both from 8:00 to 10:00 AM PST.

Meeting requirements for March will be the same as for this week, with the SMC-3 meeting beginning as soon as the ADI-2 meeting concludes.
