SUBJECT: T10/07-129r0, ADI-2 Working Group Report to Plenary, March 2007

The Automation/Drive Interface – 2 working group met on 12 March 2007 from 9:03 AM until 1:12 PM. There were eight participants representing five companies. The minutes will be posted as 07-107r0.

The group reviewed ADC-2 letter ballot comments (06-475r2) and resolved several.

The group discussed one proposal against ADT-2, which was approved as modified. The group discussed one proposal against ADC-2 and decided that no change to the draft standard was required. The accepted proposal was:

- ADT-2: Clarify handling of errors in an ADT initiator port (07-088r0) [Entzel]

At this time, we will not submit project proposals for ADC-3 and ADT-3.

In order to expedite ADC-2 letter ballot comment resolution, the group wishes approval to conduct two teleconferences prior to the next plenary week. The proposed dates are 4 April and 18 April 2007, both from 8:00 to 10:00 AM PDT.

Meeting requirements for May will be the same as for this week, with the SMC-3 meeting beginning as soon as the ADI-2 meeting concludes.
