The Automation/Drive Interface – 2 working group met on 9 July 2007 from 9:00 AM until 12:36 PM. There were seven participants representing five companies. The minutes will be posted as 07-319r0.

The group accepted three proposals to resolve ADC-2 letter ballot comments:

- 07-289r0 ADC-2 LB Comment HPQ-198 Clarify Setting INTFC bit (approved as modified)
- 07-303r0 ADI: ADC-2 Letter Ballot Comment HPQ-159 Resolution (approved as modified)

The group reviewed one question raised during ADC-2 letter ballot comments and decided that no change was needed.

The group voted unanimously to recommend that the plenary accept 06-475r6 as resolving all ADC-2 letter ballot comments, and forward ADC-2 revision 8 to INCITS for first public review

The group also reviewed one proposal for ADT-2 (07-321r0, ADT-2 Negotiation state machine, Banther). The author will revise it and bring it back in September.

Meeting requirements for September will be the same as for this week, with the SMC-3 meeting beginning as soon as the ADI-2 meeting concludes.
