

STA/T10 –Liaison Report

Thursday 1/17/08

Plugfest Update

- Next Plugfest target moved to 3rd week of June 2008
 - Based on feedback from member companies
 - New products since last plugfest
 - Some 6Gb testing (not the primary focus)
 - Scope will depend on the number of 6Gb products that show up
 - Should something be included to aid/help define the SAS 2.x/3 definitions
 - Looking for feedback/suggestions

Other Activities

- SAS open house planned to occur in San Jose during May T10 week
 - Will include some 6Gb demos
- Plan on sponsoring another “What’s next for SAS” event on Monday night at the March T10 meeting
 - Good feedback from this past Monday
 - A SAS 2.x strawman MR will be drafted for review at the next session
 - Target for preliminary SAS 3 MR is early summer
 - Another Call for presentations will be sent out
