

MMC WG Meeting Minutes, Wednesday, 12 March 2008

T10 Week sponsored by Network Appliances at
Hilton Raleigh-Durham Airport at Research Triangle Park

1. Opening Remarks

The MMC meeting has been authorized by INCITS T10 and will be conducted under the INCITS rules. Ad hoc meetings take no final actions, but prepare recommendations for approval by the INCITS task group. The voting rules for the meeting are those of the parent committee, INCITS T10. For the ad hoc, other than straw votes, the voting rules are: one vote per participating company.

The minutes of the MMC meeting will be posted to the T10 Reflector and will be included in the next T10 committee mailing. Attendance at a working group meeting does not count toward minimum attendance requirements for T10 membership. Working group meetings are open to any person or company to attend and to express their opinion on the subjects being discussed.

2. Introductions

DPHI	Bill McFerrin
Hitachi	Kenji Akahoshi
HLDS	Eijiro Tazawa
Microsoft	David Walp
Nero	Reiner Kopf
Panasonic	Takaharu Ai
Sony-NEC-Optiarc	Akio Yamazaki
Pioneer	Keiji Katata

3. Document Distribution

MMC Command Descriptions for the Optical Security Subsystem Class (posted on T10 as 08-065r1)

4. Call for Patents

None

5. Approval of Agenda

No changes

6. Old Business

6.1 OSSC

The newest version of " MMC Command Descriptions for the Optical Security Subsystem Class" was distributed. Bill McFerrin discussed the changes.

VolumeZero was given two parts for media that fits the random writable model. Space at the MAX LBA end of the LBA range was reserved as a part of VolumeZero to account for the potential recording of an AVDP at MAX LBA-256.

Options were included in the Trusted Computing Feature to permit a single PSA and a single writable unit OSPB.

6.2 REPORT LUNS Command

SPC-3 lists the REPORT LUNS command as mandatory for compliant SCSI devices. This was not highlighted in MMC-5, so many MM devices do not implement the command. REPORT LUNS was new with SPC-3, so it has not received much attention. MMC-6 shall mention it as mandatory according to SPC-3.

6.3 MMC-6 Draft

The next MMC-6 draft has been delayed due to unresolved issues that invade much of the document. The plan is to post a new revision prior to the May T10 week in Santa Clara.

7. New Business

None

8. Future Meeting Schedule

The next T10 meeting week is 5 - 8 May 2008 at:

Hotel Valencia
355 Santana Row
San Jose, CA 95128

Sponsored by NVIDIA
See T10.ORG for reservation details.

The MMC WG will meet Wednesday, 7 May 2008 at 9AM.

9. Adjournment

The meeting adjourned shortly after 10AM.
