Subject: **Approval of forwarding a project proposal for ATA-3 Physical Interface (ATA3-PH) (in the April 1994 mailing) to X3 for approval.**

Statement: **The ATA-3 Physical Interface (ATA3-PH) project would document an enhanced physical layer of the ATA-3 family of standards.**

Question: **Do you approve of forwarding the ATA-3 Physical Interface project proposal (X3T10/94-019 rev 2) to X3 for approval?**

YES¹

NO²

Signature: _____

Name: _____
(Please Print)

Organization Represented: _____
(Please Print)

Principal Alternate Date: _____

¹ American National Standards are developed by the voluntary participation of all parties and with the intention and expectation that the standards will be suitable for wide application. Since their use is likewise voluntary, an affirmative vote does not commit an organization or group represented on the committee to the use of the American National Standard under consideration.

² If you find that you cannot vote YES and wish to vote NO, please state this and explain the reasons for your position on a separate sheet(s) with each response numbered, and with each page numbered and titled to identify the corresponding Letter Ballot. Electronic submissions of your comments are vastly preferred to expedite the response process. ABSTENTIONS are not permitted on technical issues.
