Dear Lynn,

On March 17, 1994, X3T10 voted to recommend reaffirmation of:

ANSI X3.170-1989, Enhanced Small Device Interface (ESDI)

by a vote of 39:4:0:17 (60 member organizations). Those voting no stated that it was their belief that ESDI is a dead interface and thus should not be reaffirmed. It was noted in the meeting that some vendors are still shipping ESDI products.

Sincerely,

John Lohmeyer
Acting Chair, X3T10
