

I/O Interface Related Reflectors (mailing lists)

Reflector Name	Subscribe/Unsubscribe	Broadcast to Reflector	majordomo/listserv keyword
SCSI	scsi-request@ks.hmpd.com	scsi@ks.hmpd.com	n/a (human)
ATA	majordomo@dt.wdc.com	ata@dt.wdc.com	ata
ATAPI	majordomo@dt.wdc.com	atapi@dt.wdc.com	atapi
SSA	majordomo@dt.wdc.com	ssa@dt.wdc.com	ssa
IDETAPE	majordomo@dt.wdc.com	idetape@dt.wdc.com	idetape
Disk Attach	majordomo@dt.wdc.com	disk_attach@dt.wdc.com	disk_attach
10bit	majordomo@dt.wdc.com	10bit@dt.wdc.com	10bit
CD-Recordable	majordomo@dt.wdc.com	cdr@dt.wdc.com	cdr
System Issues	majordomo@dt.wdc.com	si@dt.wdc.com	si
MultiMedia	majordomo@dt.wdc.com	mmc@dt.wdc.com	mmc
IEEE P1394	bob.snively@eng.sun.com	p1394@sun.com	n/a (human)
SFF	bob.snively@eng.sun.com	sff_reflector@sun.com	n/a (human)
IPI	majordomo@think.com	ipi-ext@think.com	ipi-ext
HIPPI	majordomo@think.com	hippi-ext@think.com	hippi-ext
Fibre Chan.	majordomo@think.com	fibre-channel-ext@think.com	fibre-channel-ext
FC IP Prot.	majordomo@think.com	fc-ip-ext@think.com	fc-ip-ext
PCMCIA	listserv@cirrus.com	pcmcia-gen@cirrus.com	pcmcia-gen
FC Class 4	majordomo@northyork.hp.com	fc-class4@northyork.com	fc-class4
FC Isoch.	majordomo@northyork.hp.com	fc-isoch@northyork.hp.com	fc-isoch

All of the majordomo and listserv reflectors are automatic. To subscribe or unsubscribe, send a message to the subscribe/unsubscribe address with a line in the message body (not the subject line) of the following format:

```
command reflector_name [your_email_address]
```

NOTE: At least for the reflectors at majordomo@dt.wdc.com, your email address is optional. If you include it and it doesn't match the address in the email headers, there will be a delay while humans verify your email address.

examples:

```
subscribe ata
subscribe ssa
subscribe ssa person@company.com
subscribe atapi
subscribe mmc
subscribe fibre-channel-ext person@company.com
subscribe pcmcia-gen person@company.com
unsubscribe ssa person@company.com
help
lists
```

The other reflectors are managed by humans who are a little less picky about the request format, but not quite as prompt. Please include your name, email address, phone, and fax numbers in the message body for the human-managed reflectors.

If you have a modem but do not have an internet email address, you can read reflector messages (but not post) by calling the SCSI BBS at 719-574-0424.
