(1) American National Standards are developed by the voluntary
participation of all parties and with the intention and
expectation that the standards will be suitable for wide
application.  Since their use is likewise voluntary, an
affirmative vote does not commit an organization or group
represented on the committee to the use of the American National
Standard under consideration.

(2) If you vote NO, your ballot must be accompanied by reason(s)
for your position.  Provide an electronic copy of your comments
with each comment numbered on the WWW ballot form or send them
