Meeting Notes;

1.0 Opening Remarks

The meeting was called to order at 9:20 AM on November 30, 1998. As usual the chair thanked Frank Banul of Texas Instruments/Adaptec for hosting the meetings. The standard initial statements were made as follows;

This meeting has been authorized by NCITS T10 and will be conducted under the NCITS rules. Ad hoc meetings take no final actions, but prepare recommendations for approval by the NCITS task group. The voting rules for the meeting are those of the parent committee, NCITS T10. For the ad hoc, other than straw votes, the voting rules are: one vote per participating company.

The minutes of this meeting will be posted to the Symbios T10 BBS, the SCSI Reflector, the MMC Reflector, and will be included in the next T10 committee mailing.

It is the plan of the group to present the document to the Plenary in March for a vote to forward for First Public Review. At the completion of the working group session in January a revision 10 will be issued for review by the committee and final revisions will be included in a revision 11 for the March Plenary.
