

# **Joint T10 / T11 FC-TAPE / SSC / FCP-2 Liaison Report 03/09/99**

## **Activity Since November:**

Note – Our editor for FC-TAPE and SSC, Dave Peterson, was unable to attend this meeting due to weather!

### **FC-TAPE**

T11 letter ballot closed, 374 comments received.  
To date about 40 remain open, of which about 30 are editorial.  
Current document is T11/99-069v1, revision 1.14, March 5, 1999.

### **SSC**

Editing continues on SSC.  
Tape Alert has been added.  
Latest document is ssc-r15, 05-MAR-99.

### **FCP-2**

Clauses from FC-TAPE have been transferred to the editor for inclusion into FCP-2.  
Latest document is fcp2r00, Revision 00, November 13, 1998.

### **Lanfree Backup**

An excellent presentation was made to our group on an Extended Copy command.

### **SFF Connector for Tapes**

A request was made to define a connector for Tape device arrays.

## **Future Plans:**

### **FC-TAPE**

Complete all comment resolution and update document prior to the next T11.3 meeting.  
Hopefully, vote at the next T11.3 to forward document to 2<sup>nd</sup> Letter Ballot or 1<sup>st</sup> Public Review.

### **SSC**

Complete editing and review prior to the next T10 meeting.

### **FCP-2**

Include all FC-TAPE material and update document prior to the next T11.3 meeting,  
for review of the transferred material.
