

## ***Meeting Announcement February 28, 2006***

SAT (SCSI – ATA Translation Working Group)

Hosted by: NVIDIA Corporation

Location: Denver International Airport Admiral's Club  
Concourse C

Time: 11a – 6:30p

This meeting is to host the first round of letter ballot comments for the SAT draft. It is being held at the American Airlines Admiral's Club located **behind** security at Denver International Airport. If you are flying into DIA that day, you can take the intra-terminal train to the C concourse. If you are not flying into DIA, I need to have your name by 10 February 2006 in order to get an access pass to allow you through security. In order to have the correct conference room sized, I need RSVP's from attendees by 10 February 2006.

If you have any questions, feel free to ask.

Mark Overby  
Chief Client Architect
