From: J.D. Stai

Subject: SCSI-2 Working Group Meeting -- July 13-15, 1987

Western Digital Corp. is hosting the July working group meeting in Irvine, CA. The meeting will be held at:

Irvine Marriot Hotel
18000 Von Karmon
Irvine, CA 91715
714-553-0100

The single room rate is \$75 per night. Please make your reservation under the name: "WD-SCSI Working Group" (I didn't make that one up...). Reservations should be made no sooner than June 1, 1987 and no later than July 1, 1987. If you have any difficulties, call me at 714-474-2033 x7137 and I will try to straighten them out.

There is a free shuttle service that starts at 5:45 in the morning and runs every 5-10 minutes, so you don't have to call for a ride. The shuttle service ends after 11:15 in the evening. For those who want to drive in:

- Exit the airport onto McArthur and go north across the 405 freeway (or, if you are in the SoCal area, get off the 405 freeway at McArthur and go north);
- The first light after the freeway is Main Street, turn right;
- Go two lights and turn right again onto Von Karmon;
- Go across the freeway and turn left into the hotel.

The hotel is close to Newport Beach for you beach fans. For you food fans, there are several good restaurants in the area that I will tell you about when you get here...
