

## SCSI - PCMCIA

Proposal submitted to PCMCIA to establish a SCSI working group

### Rational:

- \* Standardization needed for SCSI implementations
- \* Miniature connector needed for PCMCIA to SCSI
- \* Miniature cable needed to fit connector

### Goals of Working Group:

- \* Establish a connector design for SCSI implementations within the PCMCIA
- \* Include connector design within PCMCIA documentation
- \* Establish a liason with the X3T9.2 to produce cable definition

Proposal favorably accepted by PCMCIA Strategic Planning chair

Proposal to be voted upon at March meeting of PCMCIA

Favorable action anticipated
