Subject: Letter ballot comment resolution on SSA-PH2 rev 4

BACKGROUND

This proposal documents the responses to the X3T10 letter ballot for SSA-PH2 rev 4. Revision 1 is my attempt to address the concerns and does not represent the agreement of the X3T10.1 group.

Ballot totals:

44 Yes
 1 No
 0 Abstain
 1 Organization(s) did not vote
46 Total voting organizations
 3 Ballot(s) included comments

This 2/3rds majority ballot passed.

Comments attached to YesC ballot from John P. Scheible of IBM Corp.:

IBM-1)   Change header from "X3T10.1 / 1146D rev 3a" to "X3T10.1 / 1146D rev 4"
         RESPONSE: Accept as written

IBM-2)   4: Add "In case of conflict, figures take precedence over tables and both figures and tables take precedence over text."
         RESPONSE: Accept as written

Comments attached to No ballot from Edward A. Gardner of Ophidian Designs:

OPH-1)   It appears, from the ballot, that VLSI's negative vote remains unresolved. I would like to see a response from X3T10.1 on VLSI's comment before approving this. If X3T10.1 has already responded to VLSI's comment, please refer me to the relevant document and I will amend my vote.

RESPONSE: VLSI's response only concerned SSA-TL2 related to adding a Unique ID to the Link Reset frame, and does not impact SSA-S3P. See SSA-TL2 comments for resolution.

Comments attached to YesC ballot from Gene Milligan of Seagate Technology:

SEA-1)   The file I downloaded was defective and I could not review the document. Please check the draft to see if it has the same type of problems as outlined in the other SSA drafts.

RESPONSE: ???

Sincerely,

John Scheible
