10.1 Request T10 letter ballot on SBP-3 Revision 3 [Johansson]
11. Adjournment

[1] Johansson called the meeting to order and updated the agenda, as reflected above.

[1.3] Johansson briefly reviewed the two-week rule, explaining that it did not prevent the discussion of documents posted less than two weeks before a meeting.

 [1.1] [2] Johansson reviewed general T10 policies and procedures. In general, attendance and participation at T10 ad hoc meetings (such as this one) is open to both visitors and T10 members. When formal votes are taken, either in an ad hoc meeting or in the T10 plenary, one vote is permitted each organization, to be cast by its principal representative or designated alternative. A two-week rule is in effect: No matter may be voted on unless notice was given at least two weeks prior. Documents to be voted on must have been posted two weeks prior to the vote. The two-week rule can be waived if nobody objects. Announcements of new documents and meetings must be posted to the T10 email reflector; all other business can be conducted on the working group reflector.

The following paragraph about ANSI/T10 patent policy is copied from past T10 Plenary minutes:

A document is available from ANSI, "Procedures for the Development and Coordination of American National Standards", at no charge. This document is also on the web at http://www.ncits.org/help/ansi_sdo.html. Section 1.2.11 contains the ANSI patent policy. Amy Marasco manages patent issues for ANSI and can be contacted at amarasco@ansi.org or 212-642-4954. Gene Milligan prepared a useful "Handy dandy Technical Committee's Patents Guide", which is available at ftp://ftp.t10.org/t10/document.99/99-291r0.pdf.

[1.5] The minutes from the January 20 – 21 meeting in Wailea were not available.

[3.1] Johansson reported that there has been no change in P1394.1 status since the last SBP-3 meeting.

[3.2] Johansson reported that there has been no change in P1394.3 status since the last SBP-3 meeting.

[3.3] In the absence of Eric Anderson, there was no liaison report on the 1394 Trade Association Picture Transport Protocol (PTP) over SBP project.

[4.1] In the absence of Eric Anderson, this action item was carried over to the next meeting.

[4.2] Johansson reported that text for isochronous clauses had been provided in 03-090r0.

[4.3] Johansson reported he had announced the working group's intent to proceed to T10 Letter Ballot.

[5] Johansson led a review of changes in SBP-3 Revision 2d:

 ftp://ftp.t10.org/t10/drafts/sbp3/sbp3r02d.pdf

Farrell suggested that the phrase "so long as" might pose difficulty for non-native speakers. Johansson agreed to review the draft and make equivalent substitutions for the phrase.

The paragraph below the unlabeled figure in 5.3.1 is too complex. Johansson will reword to clarify and simplify.

[6] Johansson led a brief review of SBP-3 reflector email traffic since January 21.

Bruce Fairman commented on the Configuration ROM entry for plug control registers. Although Johansson responded, there has been no reaction from Fairman. If more discussion is required, this topic will be addressed during the letter ballot period.

Andy Green has asked for the working group members to be credited in the draft. This seems to be acceptable to the concerned authorities.

[8.1] Johansson presented informative and normative text (03-090r0) for inclusion in the draft. The group agreed to incorporate the text with minor modification into the next draft of SBP-3.

 ftp://ftp.t10.org/t10/document.03/03-090r1.pdf

[7.1] The group performed a "page turner" review of the SBP-3 Revision 2d and made minor editorial clarifications, starting in section 11.

[8.2] The working group requested the Editor to incorporate all changes agreed at the meeting into SBP-3 Revision 3 and to submit that document to John Lohmeyer for T10 Letter Ballot.

[9] The next meeting is tentatively scheduled for May 6 – 7 in Nashua, NH with T10.

[10] Johansson briefly reviewed the newly assigned action items.

[11] Meeting adjourned.
