Subject: Minutes of X3T10 SCC Working Group Meeting -September 13, 1994

AGENDA

1. Opening Remarks
2. Attendance and Membership
3. Approval of Agenda
4. Report on last RAID Working Group
5. Update on proposed working draft
6. SCSI-3 Storage Array Tutorial (Penokie)
7. Action Items
8. Meeting Schedule
9. Adjournment

Results of Meeting

1.   Opening Remarks

George Penokie convened the meeting at 9:00 am, Tuesday,September 13, 1994.
He thanked Bill Galloway of Compaq for hosting the meeting.

This is a joint meeting of the X3T10 SCSI Controller Commands working group
and the RAB Host Interface working group. The purpose of the group is to
deal with interface issues related to using RAIDs. The study group will
assess the issues and then formulate a strategy for dealing with them.

As is customary, the people attending introduced themselves. A copy of the
attendance list was circulated for attendance and corrections.

It was stated that the meeting had been authorized by X3T10 and would be
conducted under the X3 rules. Working group meetings take no final
actions, but prepare recommendations for approval by the X3T10 task group.
The voting rules for the meeting are those of the parent committee, X3T10.
These rules are: one vote per company; and any participating company
member may vote.

The minutes of this meeting will be posted to the SCSI BBS and the SCSI
Reflector and will be included in the next committee mailing.

2.   Attendance and Membership

Attendance at working group meetings does not count toward minimum
attendance requirements for X3T10 membership. Working group meetings are
open to any person or company to attend and to express their opinion on the
subjects being discussed.

3.   Approval of Agenda

The agenda developed at the meeting was approved.

4.   Report on last RAID Working Group

The last working group meeting was held in Keystone, CO. The minutes of
that meeting have been distributed on the SCSI Reflector.

5.   Update on proposed working draft

The current revision of the SCC working draft is 2. This revision was
distributed at the meeting. Copies are available from the SCSI bulletin
board. Draft 3 of the SCC standard will go out to letter ballot in October.

6.   SCSI-3 Storage Array Tutorial (Penokie)

George presented a tutorial on the SCSI-3 Controller Commands Standard.

7.   Action Items

a)George Penokie to prepare revision 3 of the SCC working draft for the
letter
ballot.
