5. Simplification of SACL Configuration (96-196r3)
6. Action Items
7. Meeting Schedule
8. Adjournment

Results of Meeting

1. Opening Remarks

George Penokie convened the meeting at 9:00 am, Tuesday, Jan 07, 1997. He thanked Jim McGrath of Quantum Corporation for hosting the meeting.

This is a joint meeting of the X3T10 SCSI Controller Commands working group and the RAB Host Interface working group. The purpose of the group is to deal with interface issues related to using RAID's. The study group will assess the issues and then formulate a strategy for dealing with them.

As is customary, the people attending introduced themselves. A copy of the attendance list was circulated for attendance and corrections.

It was stated that the meeting had been authorized by X3T10 and would be conducted under the X3 rules. Working group meetings take no final actions, but prepare recommendations for approval by the X3T10 task group. The voting rules for the meeting are those of the parent committee, X3T10. These rules are: one vote per company; and any participating company member may vote.

The minutes of this meeting will be posted to the SCSI BBS and the SCSI Reflector and will be included in the next committee mailing.

2. Attendance and Membership

Attendance at working group meetings does not count toward minimum attendance requirements for X3T10 membership. Working group meetings are open to any person or company to attend and to express their opinion on the subjects being discussed.

### 3. Approval of Agenda

The agenda presented at the meeting was approved.

### 4. More Simplification of SACL Configuration (96-228r3) Penokie

Several minor changes were requested and agreed to. These changes will be incorporated into Rev 0 of SCC-2

### 5. Simplification of SACL Configuration (96-196r3) Penokie

The proposal was discussed and it was recommended that the CREATE/MODIFY BASIC VOLUME SET service action include a list of Redundancy groups. No other major modifications were discussed. This change and several other minor changes will be incorporated into Rev 0 of SCC-2.

### 6. Action Items

-George will prepare rev 0 of SCC.

### 7. Meeting Schedule

The next meeting will be hosted by QLogic Corp. in San Diago, CA at the Hyatt Islandia Hotel on March 11th 9:00AM to Noon.

### 8. Adjournment

The meeting was adjourned at 12 noon.
