Meeting Notes;

1.0 Opening Remarks

The meeting was called to order at 9:20 AM on November 3, 1998. As usual the chair thanked Adaptec and Larry Lamers for hosting the meetings at this location. The standard initial statements were made as follows;

This meeting has been authorized by NCITS T10 and will be conducted under the NCITS rules. Ad hoc meetings take no final actions, but prepare recommendations for approval by the NCITS task group. The voting rules for the meeting are those of the parent committee, NCITS T10. For the ad hoc, other than straw votes, the voting rules are: one vote per participating company.

The minutes of this meeting will be posted to the Symbios T10 BBS, the SCSI Reflector, the MMC Reflector, and will be included in the next T10 committee mailing.

2.0 Introductions and Attendance

Attendance at a working group meeting does not count toward minimum attendance requirements for T10 membership. Working group meetings are open to any person or company to attend and to express their opinion on the subjects being discussed.

available.

4.0 Call for Patents

The usual call for patents was made

5.0 Approval of Agenda - Agenda was approved as modified.

6.0 Meeting Agenda

6.1 - Letter Ballot Comment Resolution

The majority of the letter ballot comments were editorial in nature and were accepted and modified in the document. See document T10/98-223R1 for detailed responses.

The NO votes on the document were addressed and comments drafted:

ANNEX C missing/not included. - Annex C is an implementation Annex like Annex B. The majority of Annex C will come from the RBC command set document that is still in review. A version of the Annex C will be distributed for review when RBC and SBP-2 working groups have reviewed it.

PREVENT/ALLOW Command and persistent bit definition – A new proposal, from the SCSI-3 working group, to include the definition in SPC-2 of the persistent bit. This proposal should be available in the minutes of the SPC2 working group session

An Annex for SCSI-3 implementation notes should be added – Because of the questions on Resets and how they function there is need for an Annex to define these operations. The annex is being written and will be included in forthcoming revisions.

7.0 New Business - No new business was submitted.

8.0 Review of Action Items – The only action item is for the editor to issue another Revision (9) and a letter ballot resolution document in the next mailing.
