Dear Mr. Smythe,

Enclosed is a copy of SCSI-2 Revision 2 (X3T9.2/86-109 Rev 2) that you requested. I am also enclosing the proposed revision 3 of section 14 on the scanner command set (X3T9.2/87-162). This more accurately reflects the current thinking of the scanner working group.

I would welcome a more formal liaison with IT8. I have spoken with George Battrick of Crosfield Electronics briefly concerning the IT8 interests in SCSI-2, but I still do not completely understand your application. Any information that you have on IT8 would be most welcome.

X3T9.2 meets next December 7-8, 1987 in San Diego, CA beginning at 9:00 am. Enclosed is a sheet containing hotel information. We would welcome a representative of IT8.

Sincerely yours,

John B. Lohmeyer
