Dear Mr Lohmeyer

Thank you for your reply to my earlier letter about our Paintbox Remote Access Port. I quite understand your reluctance to circulate any document marked Confidential. We have now decided to go ahead with this project, and are indeed in the middle of the implementation. I therefore enclose herewith Revision 2 of the document from which all Confidential headings have been removed.

Please feel free to circulate or copy this document to anyone to whom you may feel it might be of interest.

Yours sincerely

Alec Cawley
Head of Software
