Texas Instruments Inc.
P. O. Box 655474 M/S 238
Dallas, TX 75265

Dear Mr. Camp:

X3T9.2 reviewed the issue concerning the proposed Disk Attach interface project at their meeting of August 20, 1991, and reached the conclusion that an interface development of this type should be accomplished in X3T9. The vote on this position was 37 in favor, 0 against and 0 abstaining.

Subsequently, on August 23, 1991, X3T9 reviewed the issue as well as the X3T9.2 decision and concluded that a position opposing the approval of the IEEE Disk Attach project be forwarded to the appropriate individuals in IEEE. That motion passed unanimously.

In view of this, I am forwarding the attached position paper to both you and Bill Rinehuls, Chair of SPARC for further consideration. (see 91-136R1)

I received your telephone message this morning, returned your call and left a message. I will be in my office Wednesday and Friday of next week if you would like to discuss this further.

Sincerely,

Del Shoemaker
Chair, X3T9
