Palo Alto, CA 94304

Dear Martin,

Thank you for your letter and fax dated April 6, 1992. I have placed this subject on the agenda for the April 27 meeting of X3T9.2 and expect to send you a more-complete response following that meeting.

I have received bits and pieces of your recently approved PAR, but they are barely legible because of too many intervening fax machines. I would be grateful if you would send me a copy of your PAR by email or US mail. My address is:

John Lohmeyer
NCR Corp.
3718 N. Rock Rd.
Wichita, KS 67226-1397

Email: John.Lohmeyer@WichitaKS.NCR.COM

Your thoughts on the "grass roots" meeting and co-located meetings sound reasonable to me, however the late-May meeting may have to slide into June. X3T9.2 has working group meetings in Harrisburg, PA the week of May 18 and the following week includes Memorial Day. I'll ask the likely participants from X3T9.2 for their date and location preferences during our April 27 meeting.

Best regards,

John Lohmeyer, Chair X3T9.2
