Doc No.: **X3/93-0786-X O**

Date: March 22, 1993

Proj. No.: 991-D, 992-D, 993-D

Ref. Doc.: X3/93-0453

Reply To: Lynn Barra
(202) 626-5738

cc: D. Shoemaker, X3T9 Chair

To: Members of X3, OMC

From: Lynn Barra, Coordinator, National Standards Processing, X3 Barra

Subject: **Follow-Up to X3LB 2190**

Approval of three project proposals and assignment of them to X3T9:

- X3/93-77R, Generic Packetized Protocol (GPP)
- X3/93-78R, Serial Bus Protocol (SBP)
- X3/93-79R, Fibre Channel Protocol (FCP)

Approval of these projects will constitute withdrawal of project 881-D, SCSI-3 Generic Packetized Protocol, as requested by X3T9

The above referenced letter ballot closed on March 9, 1993, with a tally of 26-0-1-10 (DEC, Hitachi, Sony, Wang, DECUS, GSA, Hughes Aircraft, NCS, USE, Wintergreen). *[Secretariat Note: If this tally does not accurately reflect your vote, please notify the Secretariat within fifteen working days of the postmark of this letter].

The comment accompanying the abstention vote:

RTUA: "Not within our area of interest."

X3 has approved the withdrawal of project 881-D and has approved the above-referenced project proposals. The X3 Secretariat has assigned the following project numbers to these development efforts:

X3 Project 991-D	Generic Packetized Protocol (GPP)
X3 Project 992-D	Serial Bus Protocol (SBP)
X3 Project 993-D	Fibre Channel Protocol (FCP)

Please keep a copy of the authorizing documents, X3/93-77R, X3/93-78R, X3/93-79R, on hand for future processing. The X3 Secretariat will issue press releases announcing approval of these projects. If you have any suggested wording, please let me know by **April 16, 1993**. These changes will be reflected in the next edition of the X3/SD-4, *Projects Manual*.
